Integration module for Libre Office & Alfresco

At Alfresco Meetup in Stockholm on May 6th, we launched the new integration module for Libre Office and Alfresco. The module enables Alfresco users to work smoothly with documents.

Move beyond static security

The rate of change in IT environments is unprecedented, and existing network and security technologies were built for a different time. Attacks are changing just as rapidly. Attacks that last a few hours and quickly morph into another version of the same core threat. Perhaps you are thinking of offloading some of the responsibility to go for managed IDS? Let us provide the day-to-day maintenance, monitor your network environment proactively and respond rapidly to potential problems.
